

**Section 8.16 Women PPGA Professionals**

In all Philadelphia Section PGA tournaments, tees for women professionals will be set up to ninety percent (90%) of the men's tee yardage, and all women professionals shall compete for the same tournament purse.

Note: Ninety (90%) is only a recommendation; there may be golf courses where it is not possible to adhere to the 90% recommendation; in these cases, the golf course will be set up as close as possible to the 90% recommendation.
