

Section 8.16 Women PPGA Professionals

In all Philadelphia Section PGA tournaments, tees for women professionals will be set up to a range of 78-85 per cent (78-85%) of the men's tee yardage, and all women professionals shall compete for the same tournament purse.

Note: These percentages are only a recommendation; there may be golf courses where it is not possible to adhere to this recommendation; in these cases, the golf course will be set up as close as possible to the 78-85% recommendation.
